

CHOIR REHEARSALS JUST GOT EASIER!

MP3 repertoire practice recordings for the 2027 Pueri Cantores Festival Season will be available in the fall!

How to gain access to the MP3 recordings:

Register your choir for a Pueri Cantores Festival or renew your annual membership.

Once your registration is processed by the AFPC office, you will receive an email with instructions to access the music files from a secure webpage on the AFPC website at a later date in the fall.

These rehearsal tracks are carefully recorded in a studio with professional singers, and offer many different listening options for each piece, including the complete work, the individual voice parts, and even the accompaniment alone.

Just follow the directions in the email, download the MP3s, and start rehearsing!
